## Regulation (EU) 2016/425

Module B, EU type-examination

Issue 1

PPE Product

EXELAR EL710 Series of disposable protective coveralls, models EL710, EL710-1, EL710-2 and EL710-3, manufactured from a light-weight SMS nonwoven fabric with internal stitched seams. Available in white and in six nominal sizes. The available models are described in Annex 1.

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to meet the applicable Essential Health and Safety Requirements in Annex II of Regulation (EU) 2016/425 Personal Protective Equipment

The following have been applied:

EN ISO 13982-1:2004 + A1:2010 (Type 5: Limited life, full-body protective clothing against airborne solid particulates);

EN 13034:2005 + A1:2009 (Type 6: Limited life, full-body protective clothing offering limited protection against liquid chemicals);

Additionally, with one exception the PPE satisfied the requirements of EN 1073-2:2002 (Non-ventilated protective clothing against particulate radioactive contamination) for a performance classification of TIL Class 1. The exception is that clause 4.2 requires a minimum puncture resistance of class 2, but the fabric used has a puncture resistance classification of 1.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 19 (c) of the Regulation are implemented and maintained while the model is in production

Certification is based on technical file reference: Supplement No. 1:  
ProfTool Europe AB EXELAR EL710, Rev. 2 of 17/07/2020.

SGS Reference Number UK/CRS 238840.
